

ORBITOP

GRINDING MACHINES FOR ALL SURFACES TREATMENT

WHY CHOOSE ORBITOP?

Manual Orbital-system grinding machine perfect for polishing marble surfaces such as countertops, stairs, tables and small areas.

- ✔ Orbital and rotational mechanical movement
- ✔ Safe
- ✔ Comfortable
- ✔ Practical
- ✔ Versatile
- ✔ Easy to use
- ✔ User-friendly features

ORBITOP 10 allows the operator to be able to polish marble, natural stones on counters, kitchen tops and bathrooms, steps, tables and small surfaces .

Ideal for micro-polishing treatments with Traxopad and Traxoshine diamond abrasive pads and for treatments with polishing powders, waxes and crystallising.

The machine includes 1000W motor with orbital system, a Velcro Ø280mm and cable.

Also available in the Handle System version with handle kit.

FEATURES:

- ✓ Velcro pad holder Ø280mm
- ✓ Practical anti-vibration handles
- ✓ on/off switch
- ✓ Emergency button
- ✓ Quick release system for handle system version
- ✓ It becomes a single-brush machine with the addition of the handle kit
- ✓ Orbital motion 1400rpm
- ✓ Weight 23kg
- ✓ It becomes a grinding machine with fix plate tool holder Ø100 B attachment
- ✓ Dual functionality of the Fix Plate for use with metal and resin bond diamond tools
